

Dear Abacus Families,

My name is Hunter Henfey, and I am the Beyond the Classroom Coordinator for Abacus School of Austin at Avery Ranch. We are very excited about the upcoming Summer Camp program! I have participated in three previous Abacus camp programs, but I cannot wait to facilitate this year's theme. I have watched the children of Abacus grow and flourish. I cannot wait to be such a large part of summer camp.

As a school, we do our best to keep our curriculum engaging and enjoyable for all the ages that we service. Through interacting each day with the children, we have the opportunity to make a difference by being a positive presence in each of their lives. Abacus will maintain low teacher to child ratios and children will be placed into groups divided by age to ensure that implemented activities are not only developmentally appropriate but engaging for all.

This year our Summer Camp theme will be "Abacus Levels Up." We will be revisiting the themes of the Abacus school year, but we are going to "Level Up" the content of each week. We will enhance the daily activity, so the children can have a chance to get creative and add their own interpretation to the themes of the year. The summer will be filled with daily on-campus swimming, collaborative activities, and amazing in-house events. Abacus will be monitoring closely as we progress through the pandemic to determine if we will be able to safely add field trips at any time throughout the summer. More information will follow if that becomes a possibility.

I look forward to meeting some new friends and catching up with some old ones. Please feel free to call and inquire about camp. I would be happy to answer any questions you may have. I am always available to discuss any concerns or suggestions you may have about our program.

Thank you!

Hunter Henfey
